ImageMate® Readers
Top Performance in a
Cutting Edge Shape

SanDisk®

Transfer files to a PC quickly and easily with SanDisk ImageMate® readers. Our family of readers works with all popular types of memory cards without the need for an adapter. With outstanding read/write speeds, these are some of the fastest USB 2.0 readers on the market. To automatically launch your favorite application or website for transferring or editing files, simply press the transfer button on top of the reader. The sleek reader looks great on any desk and the unique design allows the reader to easily detach from its metal stand and slide into your notebook bag.

Transfer Button

Launch your favorite (digital photo) application or (photo sharing) web site with the touch of a button (requires software installation)
